# Numerical Model of Dynamic Deformation of Fibrous Structural Membranes

Oleksandr Hubanov

*Supervisor*

prof. habil. dr. Rimantas Kačianauskas

Vilnius Gediminas Technical University

December 27, 2020

# Contents

<b>Introduction</b>	<b>2</b>
Medical side review . . . . .	2
Mechanical side review . . . . .	2
<b>1 Developing discrete numerical model</b>	<b>3</b>
<b>2 Developing method of preparing medical data</b>	<b>4</b>
<b>3 Practical usage</b>	<b>5</b>

# Introduction

Medical side review

Mechanical side review

## Chapter 1

# Developing discrete numerical model

## Chapter 2

# Developing method of preparing medical data

## Chapter 3

# Practical usage
